Eyebrow Threading

OUR SIGNATURE

Threading is what we are named for. A twisted strand of 100% cotton thread rolls along the skin, catches even the finest hairs and lifts them cleanly from the follicle — giving us the control to shape a line that is truly yours.

- Does not peel off a layer of skin
- Hair does not grow back as fast
- Skin does not get as red and irritated
- Can pull out individual hairs

Eyebrow Tinting

WAKE-UP-READY

Tinting adds definition and depth to your natural brows, so they look polished without daily pencils, powders or gels.

- Adds definition and depth to natural brows
- Less daily brow pencil and shading
- Tailored shade for a natural-looking finish
- A quick, convenient add-on to threading

Facial

GLOW RESET

A facial is a series of skin treatments working together — steam, exfoliation, extraction, creams, lotions, masks and massage of the face and neck — finished with a face pack to rejuvenate the skin.

- Helps prevent the formation of wrinkles and aging lines
- Cleans the skin and increases blood circulation
- Relaxes the nerves and strengthens weak muscle tissues
- Softens and improves skin texture and complexion — adding to your confidence

Henna Tattoo & Bridal Mehndi

ART ON SKIN

Henna is a paste made from the crushed leaves and twigs of the henna plant. Left on the skin for a few hours, it leaves an orange to dark maroon stain that gently fades away in 7 to 14 days.

- Made from the natural henna plant
- Fast, easy and painless
- A ticklish, relaxing experience
- Temporary — fades on its own in 7 to 14 days

Honey Waxing

SILKY SMOOTH

Waxing is semi-permanent hair removal that takes hair from the root. Our Honey Wax carries the beneficial properties of beeswax and is gentle enough for your most delicate areas — leaving skin sleek, soft and silky.

- Removes almost 80–90% of hair from the root
- Makes your skin silky smooth
- Removes dead skin cells
- Regrowth is softer and sparser — easier every time
